DRY RUSH 1994

WHEN BIG BROTHER TAKES ON A WHOLE NEW MEANING ON THE ROW

Activated in the spring of 1993, these daring young men have shown their worth to the Dryland.

These are the men of the infamous 28TH DRY BRIGADE. These enforcers of dry rush are the unsung heros in the war against social indency. What is it like to do battle with those who wish to laugh in the face of authority? Come with us and witness the life and death struggle between the wet and the dry as *28th Street Magazine* takes you directly to the dry front.

DRY POLICE

FIGHTING FOR YOUR RUSH

Dry Police are always on top of new smuggling techniques.

CHECKPOINTS STOP FLOW OF LIQUOR

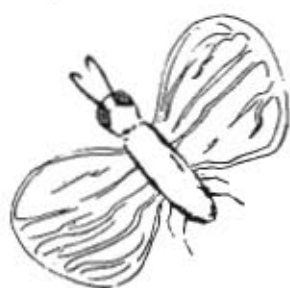

This saboteur was apprehended at the east check point brandishing a two liter bottle of orange liquid. The fluid was found to be an orange flavored wine cooler transplanted into an innocent container. A common ploy by villains.

DRY RUSH 1994

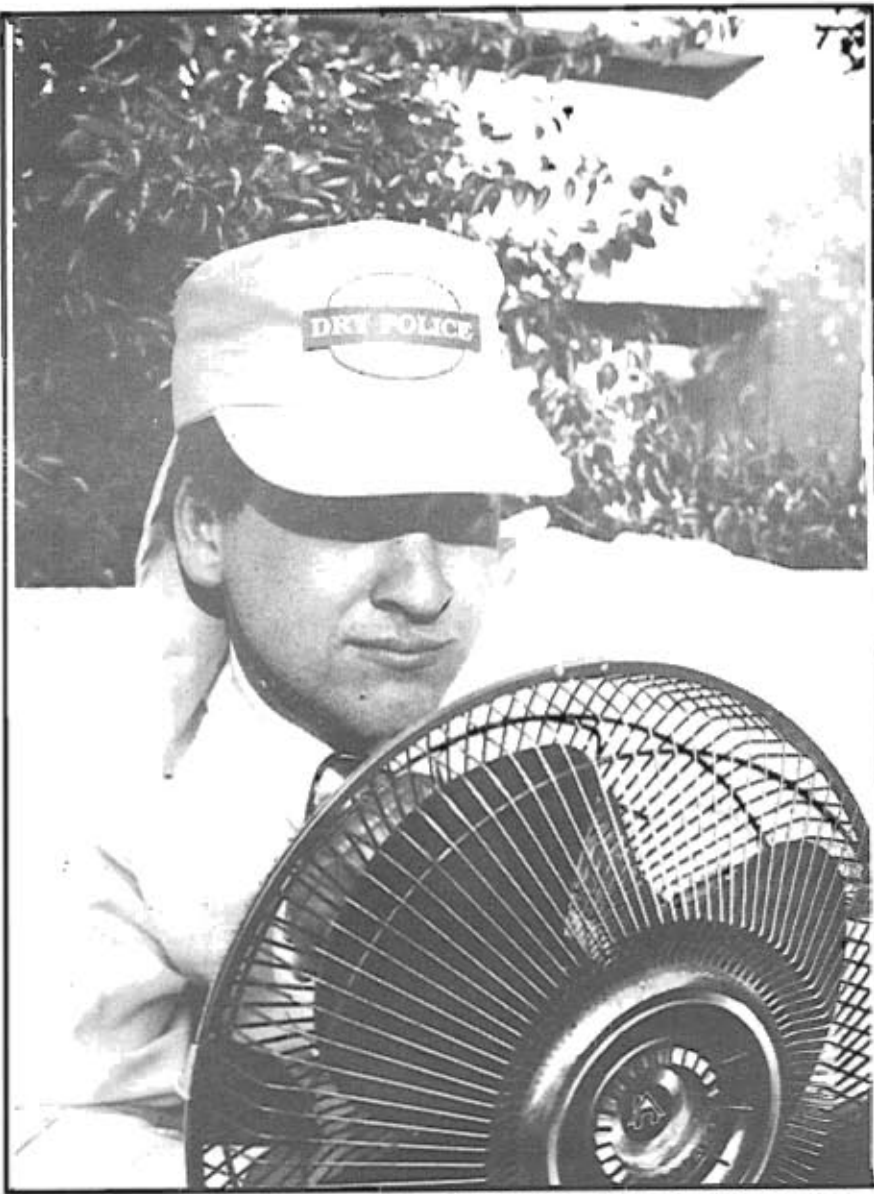

You have the right to remain sober.
Anything you drink can and will be
used against you in a court of Dryness.
You have the right to a Rush Counselor.
If you can not afford a Rush Counselor
one will be appointed to you.
Do you understand these rights, you
vile beer-drinking scum?

VILLIANOUS PLOT THWARTED

Here Dry Policemen break up illegal fake communion scam. Unfortunately FATHER PETE, a known violator, escaped and still remains at large.

Fraternity in question denies cooperation with the Mad Minister.

Superfans proved effective in the SPUDS MacKENZIE FUNERAL RIOTS of 1993.

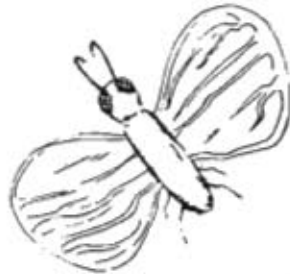

NEW WONDER WEAPONS

1600 watt hair dryers and Ban Roll-on will soon be getting some heavy backup! This young man sits behind a **THREE SPEED SUPERFAN** built especially for large parties and group disturbances.

DRY POLICE

This elite fighting force was formed to respond to the need for law and order. Their motto *Swallow the Moth* demonstrates their loyalty to the dry rush cause. A Dry Police cadet, having gone through rigorous training, accepts his membership by swallowing a giant lunar moth without chewing or drinking. Upon swallowing the moth, the cadet is accepted into the ranks of fighting men.

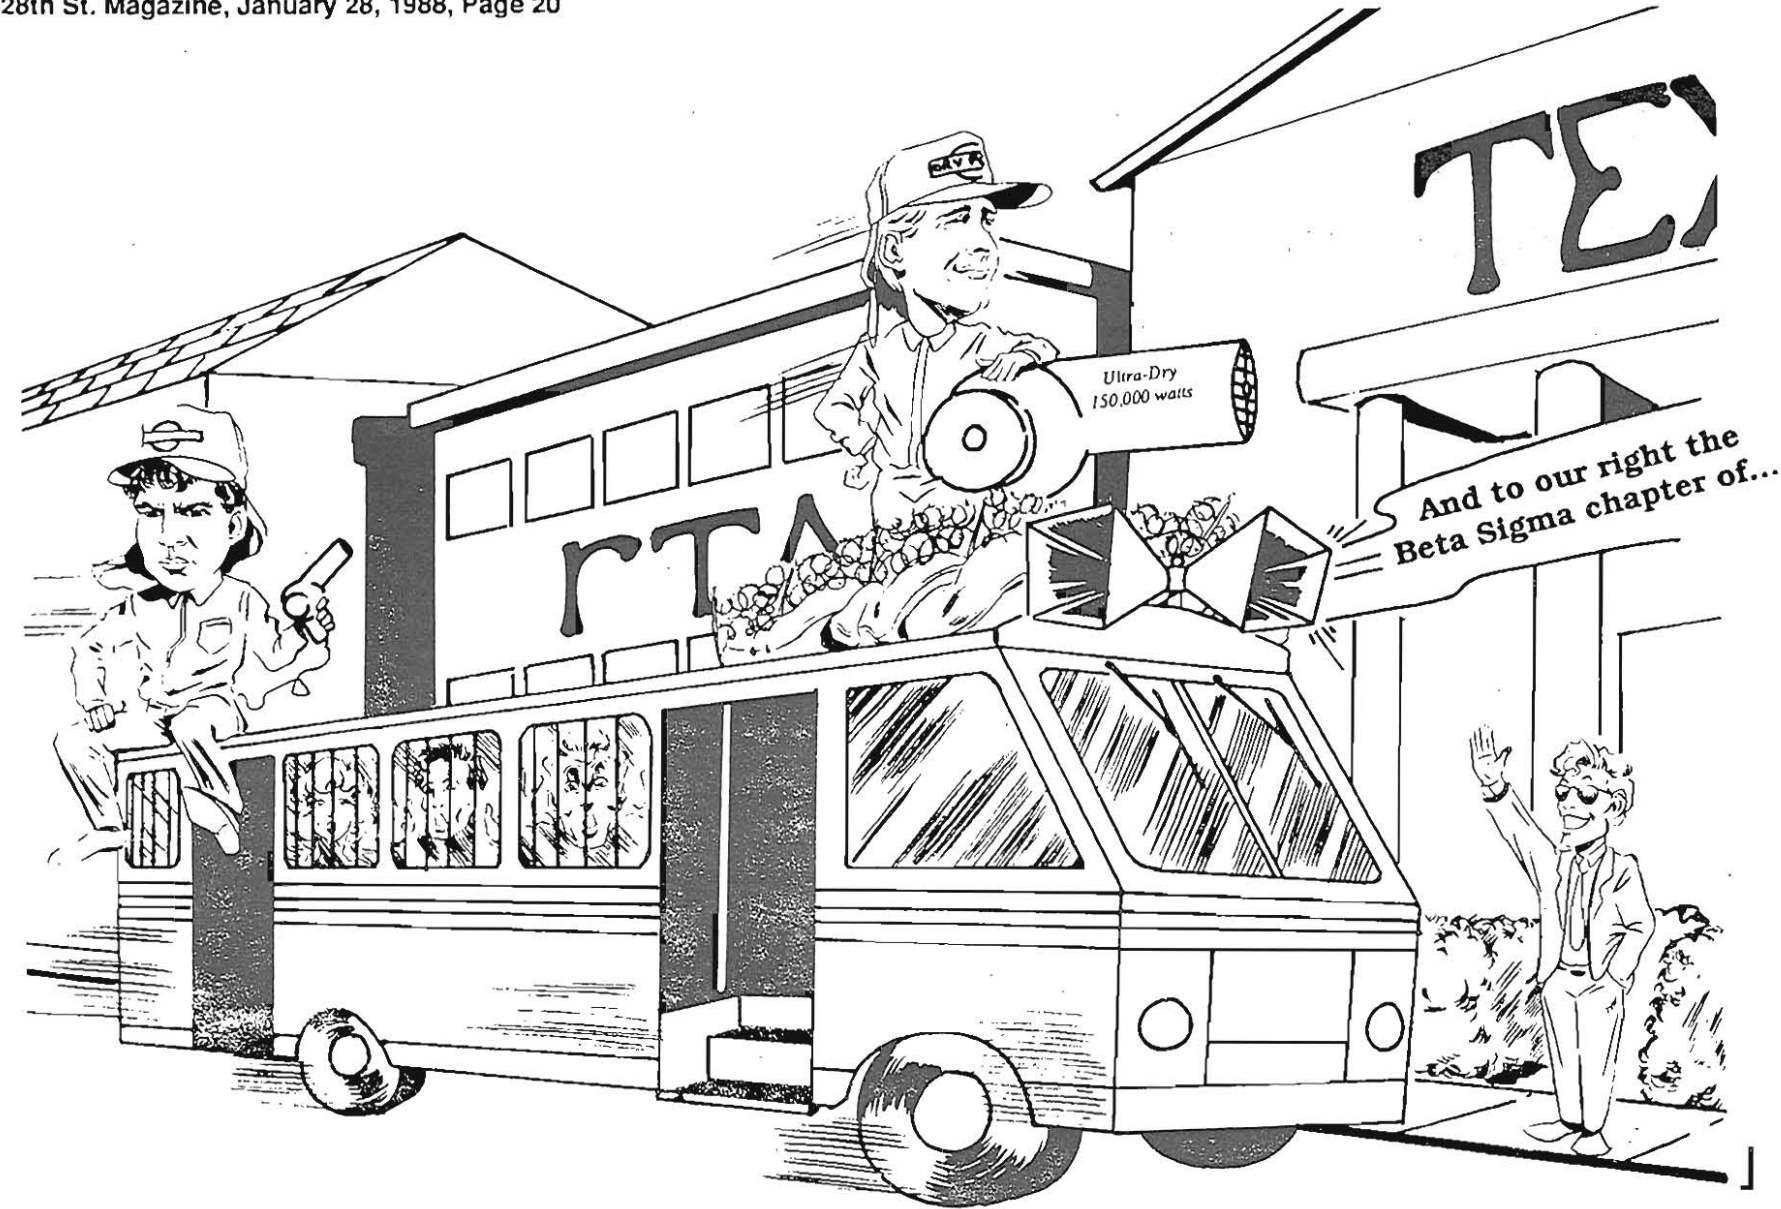

WOMAN FOUND?

Following a tip that a woman had been sighted at a nearby fraternity, Dry Police interrupted this party and proceeded to investigate the offense. The person in question was deemed neither a man nor a woman.

MONGO GO HOME

Following the tearing down of sororities in 1990, Mongo finds herself to be quite popular.

Rush will approximately begin on Tuesday at 8:00 pm and will end at 8:00.15 pm.

Loprest '88

In a clever maneuver to restrict temptation by houses to induce rushees to drink, Fall Rush has been limited to a fifteen second sprint down 28th street by an armored A Tram loaded with Freshmen. Each house will be allowed to have one active member standing outside to display the unique characteristics of his house.

INTERNATIONAL SUPPORT

"In the Middle East, dry rush has been a tradition for many generations. Alcohol is strictly forbidden by our ways for it causes aggression and violence. Dry rush is a sign of great maturity and will allow you to attain our level of brotherhood."*

*We regret to announce Shiek Abdul Pedram is reported missing in action on the Iraqi front. Ed.
